

**A Ministry of All Saints Parish**

## **New Format**

**All counseling will be on an individual basis and will be by appointment. In order to participate, please contact the Parish office and ask for a Job Club Counselor to contact you.**

All Saints Parish now has a ministry for people who are unemployed or under-employed.

The Job Club consists of people who are searching for a job and who will be assisted by a job counselor who will guide them through the job hunting process.

Did you know that in order to get almost any job today, you need to apply on-line and that you need a resume? This is a far cry from a few years ago when you went from company to company filling out job applications. In many areas, even at McDonald's, you have to apply on line.

We will teach you how to find and where to find a job in today's tough job market. We will also meet with each club member one-on-one to review your resume and conduct a mock job interview.

For more information, pick up a brochure at church, send an e-mail to [jobclub707@yahoo.com](mailto:jobclub707@yahoo.com), or call the parish office at 207-725-2624 and ask for a counselor to call you.
