

NATIONAL ADVOCATE TO VISIT BRUNSWICK and Discuss
How She Moved “Beyond Forgiveness” After Murder of Family Members

Beyond Forgiveness

PRESENTER

Jeanne Bishop

Respected Author and Public Defender

*“We do vengeance and retribution really well.
We don’t do restoration and redemption and
healing very well, and we need to have
more opportunities to do that.”*

Jeanne Bishop is the author of *Change of Heart* and public defender who became a prominent advocate for gun violence prevention and the abolition of the death penalty after the murders of her sister, brother-in-law, and their unborn child.

In the process, she was inspired to forgive and reconcile with the man responsible for their tragic deaths.
